

Back Connected Low Pressure Capsule Gauge

Technical Specification

Size: 2.5"(63mm), 4.0"(100mm), 6.0"(150mm)

Pressure range: -0.1MPa~0~100kpa

Socket: Lower back mount or center back mount

Connection thread: NPT, BSP customized threads

Tube: Brass or copper alloy or stainless steel

Case: Stainless steel or steel

Bezel: Removable stainless steel bezel

Window (lens): Polycarbonate, glass and acrylic

Dial plate: Single and dual scale (psi, kpa, mpa, bar, kg/cm²)

Accuracy: 1.6%, +/-2.5% (ASME B40.1 Grade B)

Ambient temperature: -25~55°C
